

Dusit Thani College Welcomes APacCHRIE Board

Great contribution by APacCHRIE Board Members in Bangkok, Thailand

Since APacCHRIE Board Members held a meeting on Jan 16, 2016 in Bangkok at Dusit Thani Hotel, there was also a site inspection for the venue of the “14th APacCHRIE conference 2016” which will be hosted by Dusit Thani College, during May 11-13, 2016.

APacCHRIE Board members grabbed this golden opportunity to share their knowledge and experiences with Dusit Thani College students, staff, and faculty members on January 15th at Dusit Thani College. There were two panel sessions discussed in this Special Hospitality Forum. The Session 1 focused on “Top 5 Trends in Asia Pacific that will Impact Hospitality in the Next Few Years.” Session 2 focused on “21st Century Skills and Attributes Needed for Hospitality Industry Personnel.” Panelists included Prof. Kaye Chon, Ma. Khun Veera, the Rector of DTC, also took the occasion to show the various facilities of the college to the board including their new F&B dining area, the Spa and Wellness Center, Japanese Center, the various kitchens. The board members were impressed with the school and the students.

The board also experienced Thai hospitality of DTC with the Chinese Lauriat Lunch, Vietnamese dinner and the international buffet spread for the board meeting. The APacCHRIE Forum that is scheduled a day before the January board meeting has been a great opportunity for board members to share their experiences and knowledge with the conference host school, and has been practiced for a number of years already.
